# Madrigal

(Musik mit Gesualdo)

quartet de corda núm. 1

(2012)

## NOTICE

*Madrigal (Musik mit Gesualdo)* se compose de trois mouvements plus un petit fragment entre le deuxième et le troisième: *Sphinx* (à la manière de Schumann). Le première et troisième mouvements sont formés à partir d'un travail presque cellulaire sur deux pièces de Carlo Gesualdo (1566-1613): *Io parto* et *Moro, e mentre sospiro* (dans le dernier mouvement apparaît aussi une brève citation du madrigal *Moro lasso al mio duolo*, qui est l'unique citation textuelle de musique originale du prince de Venosa. Le deuxième mouvement est une interruption brusque du discours général de la pièce. Il est basé sur le motet de Tomás Luis de Victoria (1548-1611) *O magnum mysterium* et crée ainsi un dialogue entre les deux polyphonistes, près d'un palimpseste structurelle. Auparavant fluide et contrapuntiste, la musique se transforme en un flux rythmique et horizontal, presque un "perpetuum mobile", commençant à partir de l'ombre pour atteindre un point culminant exalté et lumineux.

Pièce écrite dans le cadre du programme "Voix nouvelles" de la Fondation Royaumont.
